Our Products & Services

Personalized Gifts & Corporate Gifting

Discover a diverse selection of gifts for clients, employees, customers, family, friends, and special occasions. From premium drinkware, cutting boards, pens, jewelry, and accessories to commemorative awards, keepsakes, and gift sets, we offer products that can be personalized with names, logos, messages, and custom artwork. We also provide custom gift packaging and presentation solutions to create a memorable experience from the moment a gift is received.

Custom Laser Engraving & Cutting

Transform ordinary products into distinctive, lasting keepsakes. Our laser engraving and cutting services offer precision personalization for a variety of products and materials, including wood, metal, glass, and other suitable surfaces. Whether you need corporate awards, branded merchandise, custom signage, personalized jewelry, ornaments, or one-of-a-kind gifts, we help turn your vision into something tangible.

Promotional Products & Branded Merchandise

Put your brand to work with promotional products that keep your business, school, or organization top of mind. Explore custom apparel, hats, drinkware, pens, bags, accessories, corporate gifts, and countless other promotional possibilities. We help coordinate product selection, artwork, customization, production, and delivery to make your next marketing campaign, event, or customer appreciation program easier to manage.

Custom Printing & Marketing Materials

Make a professional impression with printed materials designed to communicate your message and strengthen your brand. Our printing services include business cards, brochures, banners, yard signs, labels, forms, envelopes, and much more. As your printing partner, we help match your project with the right production resources, balancing quality, value, and your specific requirements.

Custom Design & Creative Solutions

Have an idea but aren't sure how to bring it to life? AKOR Services can help with artwork, graphics, product customization, and creative concepts that make your project unique. We work with your existing logo and artwork or help develop a design that fits your vision, your audience, and your budget.

Custom E-Commerce & Group Programs

For schools, businesses, teams, and organizations, coordinated product programs can simplify ordering and make branded merchandise more accessible. From promotional campaigns and group gifts to customized merchandise and online store solutions, we can help you explore options suited to your organization and its needs.

One Partner. More Possibilities

At AKOR Services, we believe doing business should be personal. Instead of navigating multiple vendors, searching endlessly for products, or coordinating every detail yourself, you have one experienced partner to help bring the pieces together.

We take the time to understand your goals, recommend appropriate solutions, and coordinate the details from concept to completion. Whether you're ordering one special gift, preparing for a corporate event, outfitting a team, promoting your business, or developing a custom product, we're here to help.

Custom Printed/Engraved Products

When a custom product is created for you, your business or your organization, it is a one-of-a-kind product. We will take steps to ensure it is exactly what you want prior to production. You will have every opportunity to make changes, until you sign the final artwork approval. Once you sign the approval, your product is headed for production and no further changes can be made.

Because anything custom made cannot be returned, prepayment is required for anything that is printed, engraved, or customized.

All items in this catalog can be printed/engraved with any image or text.

One Item or Bulk Orders And Pricing

Pricing in this catalog is based on if you purchase only 1 item. Most items are available as single-item purchases. However, most are also sold in cs quantities. If you purchase "cs lots" (quantity varies by item and manufacturer) of a single item, we offer substantial discounts.

Generally speaking, your best pricing available is if you purchase 10 cases (bulk) or more of a single item.

Our pricing in this catalog, unless stated otherwise, includes basic simple engraving in the price. However, we will also sell all items un-engraved (undecorated). Inquire about pricing.

Interested In Other Items?

Yes, we do offer other items for sale, which you won't see in this catalog. We have entire catalogs of other items available. If you don't see what you want here, be sure to ask us. We likely will have availability, and we would be happy to customize/personalize it for you.
